THE STRIKE SITUATION

It Has Not Changed Materially Since Yesterday

QUIET ABOUT TURTLE CREEK

An Appeal to Be Made for Financial Assistance at Meetings Today.

PITTSBURG, August 4.—The miners' strike situation has not changed materially from yesterday's reports. Everything about the Turtle Creek camp was quiet, the only ripple of excitement being the hearing of President Dolan and other officials of the miners for holding an unlawful assemblage. The strikers claim twenty now accessions to their ranks from the Plum Creek mines today. A careful estimate of the men now at work in that mine shows 215 out of the usual total of 285. No work was done at the Oak Hill or Sandy Creek mines. The "company" was reduced in numbers today by 300 men. They were sent to their homes for two reasons—to lessen expenses and because the men were not inclined to respond to the numerous marching orders imposed upon them. The camp has been costing $300 a day to keep it in provisions, etc., being at the rate of 7 cents per day per man, as against 19 cents per day in the National Guard encampments. The camp is now under strict military discipline, and everything is moving like clockwork. The customary march will be made to Plum Creek in the early morning and will be continued daily, the miners' officials say, until the suspension in the De Armitt mines is complete.

At the hearing in the case of President Dolan and others for riot and unlawful assemblage before Justice Oleoema a number of witnesses were heard, but the justice reserved his decision until tomorrow. The hearing of the four miners arrested last week at the McGovern miner near Canonsburg for trespass was concluded this afternoon. No evidence connecting the defendants directly with the song, "We will hang black sheep to a sour apple tree," or with the use of epithets were produced. None of the defendants appeared at the hearing and they were held in contempt. Attachments were issued for their arrest.

Secretary Warner paid his compliments to President De Armitt of the New York and Cleveland Gas and Coal Company. The reason for this was the publication of the story that De Armitt had said that $100,000 had been sent into the Pittsburg district by the West Virginia operators in order to bring about a strike of miners in this district and thus force the price of coal up. Both the secretary and President A. P. Carrick of the painters and decorators, who characterized the story as a canard, said that if it was true they would hardly send organizers into that district to induce the men to strike.

Arrangements have been completed for the open air demonstration under the auspices of the United Labor League of Western Pennsylvania tomorrow, on the Duquesne wharf, in the interest of the striking miners. The leaders expect 20,000 people to attend. They are urging everybody to attend to show their preference that they favor free speech and the right of peaceable assemblage. The speakers will talk from a wagon.

The meeting will be addressed by Eugene V. Debs, Mrs. Mary Jones of Chicago, M. M. Garland, president, and W. A. Carney, vice president of the Amalgamated association, and M. M. Garrick.

After the addresses an appeal will be made to the audience for financial assistance for the striking miners. The miners claim if they can only get a little more financial assistance they will easily win the strike, and they are straining every nerve to raise more money.

The miners at the Schmock mines on the Redstone branch of the Pennsylvania road came out again today and the mines are closed down. This interference caused the price of coal to jump from 75 cents to $1 a ton and brokers say there will probably be another advance to $1.50 before the end of the week.

A New Borax Refinery.

OAKLAND, August 4.—F. M. Smith, the borax king, will establish a million-dollar borax refinery near New York, to employ 200 men. The Dingley tariff bill placed a duty of $30 a ton upon imported borax, giving Mr. Smith an opportunity to compete in New York with borax imported from Turkey and South America. The new refinery will be the principal one operated by Mr. Smith. The borax will be shipped from Southern California in a raw state. It is uncertain whether or not the Alameda refinery will be closed.

Oakland Trotting Races.

OAKLAND, August 4.—The trotting races today were lacking in sensational features, the sport being, in fact, very ordinary. Summary:

Three-year-olds, trotting — Nordean won, Lyndl second, Cordray third. Best time, 2.25¼.

Pacing, 2.17 class—Meridian won, Adelo second, Sophie R. third. Best time, 2.19.

Special butchers' race—Butcherboy won, Flora second, Tib o' Tib third. Best time, 2.37.

Indians Putting on War Paint.

ANADARKO, I. T., August 4.—Horace Gibson, a stock man, just in from near the Indian reservation, reports the Kiowa and Comanche Indians putting on war paint, and says an uprising of Indians is feared. Gibson says the Indians are greatly stirred up over the death of their chief, Quanah Parker, and will not be pacified. It is unsafe, he says, for whites to enter the reservation. There are between 3000 and 10,000 Indians on this reservation, but they are poorly armed, so far as known. There is believed to be about one gun to every thirty Indians.

The Lady's Accounts Were Short.

BOSTON, August 4.—An examination of Messrs. Codmans' books has been completed and a shortage has been found which convinces the firm that the books had been tampered with by their late bookkeeper, Miss Alice Barrett. It is believed that the shortage will not exceed $2500 to $3000. Miss Barrett is the young woman who was found dead in the office of the firm two weeks ago, having committed suicide after she had attempted to burn some of the books of her employers.

Reno-Anderson Fight a Draw.

SAN FRANCISCO, August 4.—The Reno-Anderson ten round fight at Woodward's pavilion tonight was declared a draw.

A GENARAL SHAKEUP.

Pacific Mail Officials Transferred and Discharged.

SAN FRANCISCO, August 4.—A general shakeup of Pacific Mail Company officials is taking place at present. Captain George Ankers of the San Juan has been discharged for being so unfortunate as to get out of his course in a fog and scrape on a rocky reef. Officer Saunders of the China has been put in command of the Portland, and Chief Officer Seeder, who made one trip in that steamer, will be transferred to the China to take Saunders' place. It is evident that the company intends to give all the chief officers a chance to make a run or two as commanding officer so as to have plenty of captains ready in case of an emergency. The successor of Captain Ankers has not been selected yet, and as the San Juan will be possibly three months more at the Union Iron works it is not likely any one will be named for some time yet.

Rogers Counterfeiting Case.

SAN FRANCISCO, August 4.—The Rogers counterfeiting case came up before Judge De Haven today. James Rogers confessed the whole crime and the extent of his operations. When asked if he knew anything about the counterfeiting impiements before him, he replied that they were his and his alone; that he had used them three or four months prior to his arrest and had carried on his work mostly during the afternoon hours, when none of the family were at home, sometimes working as long as four hours a day. He had made altogether $1000 in denominations of $5 pieces and had passed most of it at the race track. It is declared that by his confession young Rogers hopes to save those implicated with him.

EVERHART WON.

GIVEN THE DECISION OVER "SPIDER" KELLY.

The Decision Not Popular With a Majority of the Spectators.

SAN FRANCISCO, August 4.—Jack Everhart of New Orleans was given the decision over "Spider" Kelly tonight after twenty rounds of fighting. Everhart sustained his reputation as a rusher. From the sound of the bell in the first round until the gong rang at the end of the twentieth round Everhart was after his man. While Jack was the aggressor, he had not the cleverness of the local man. Kelly is a long range fighter and while not a hard hitter is exceedingly clever in eluding rushes and stopping them with straight lefts. Everhart was the stronger of the two and in close work may fairly be classed as superior to Kelly. Several times Kelly put in some straight left blows which straightened up Jack, but the latter came right on after each clinch and compelled Kelly to do some lively sprinting about the ring. In point of cleverness Kelly fairly outpointed Everhart, but began to tire from the terrific pace after the 12th round.

In the 13th Everhart caught Kelly over the right eye with a left swing which opened a gash in "the Spiders'" face from which the blood flowed throughout the remainder of the light. Kelly braced up in the 19th and put in some staggering left swings on Jack's jaw, but the sturdy southerner kept right after his opponent. While the decision was not popular with the majority of the spectators this may be partly accounted for by the fact that he was a local man and that he was on the short end in the betting.

The first event on the card, a ten round go between Charlie Reno of this city and Eddie Anderson, a green youngster from San Pedro, served admirably as an appetizer, for the latter fought his more experienced opponent to a stand still and would in all probability have won out had the mill been prolonged. As there was no knockout, however, Referee O'Donnell declared the bout a draw. The next event was a middle weight contest between Frank Purcell of Salt Lake and Jack Weady, a bluejacket, which was scheduled for fifteen rounds. The sailor, however, proved easy game for Purcell, although he put up a hard fight for nine rounds. In the tenth Purcell floored him repeatedly with smashes on the jaw and the sailor was finally counted out.

Southern California Crop Bulletin

LOS ANGELES, August 4.—The crop bulletin for Southern California for the week ending August 2d, issued by Observer Franklin, is as follows: The coast fogs were beneficial to beans and root crops, but delayed fruit drying; off the coast the apricot season is over and work will soon begin on peaches, which are rapidly ripening. Grain harvest continues and bean cutting has begun. The soil is in good condition, though springs and streams are beginning to get low.

Explaining His Tariff Position.

NEW ORLEANS, August 4.—The Choctaw Club and the Democracy tendered Senator D. H. McEnery a reception at the Grand opera house tonight to indorse his course in congress. The principal feature of the evening was a lengthy speech by Senator McEnery explaining his tariff position. He gave the history of tariff legislation and argued that no support of free trade had ever been given by the Democratic party or Democratic leaders, the tariff for revenue only in Democratic platforms meaning incidental protection.

A High Priced Horse.

NASHVILLE, Tenn., August 4.—Jim Key, a marvelously well-educated horse, owned by Dr. William Key, a highly respected negro of Shelbyville, this state, and which was on exhibition at the centennial exposition for two months, has been sold to U. G. Duffield of New York for $10,000 and shipped to that city. Dr. Key devoted seven years to teaching and training the horse.

Charles Laude Dying.

ALAMEDA, August 4.—Charles Laude, the victim of the jealousy of his sweetheart, Clara Fallmer, is dying at his home on Webb avenue. Miss Fallmer is still at the receiving hospital in Oakland, and while her condition is regarded as critical the physicians in attendance have some hope for her recovery. Laude steadfastly refuses to say a word against the girl.

Valley Road Track Layers.

VISALIA, August 4.—The Valley road track layers completed their work to St. Johns river, one and a half miles north of Visalia. The bridge will be completed in ten days.

CECIL RHODES SCORED

Accused of Treachery and Disloyalty.

BETRAYAL OF HIS SOVEREIGN

His Guilt Consisted in Falsely Writing a Letter Which Was Very Like a Forgery.

LONDON, August 5.—The South African policy of the British government was subjected to an attack in the house of commons today by Sir Wilfred Lawson, liberal, who also gave Cecil Rhodes a sharp prodding. Calling attention to the attitude of the secretary of state, Mr. Chamberlin, towards South Africa, Sir Wilfred Lawson classed the latter's policy as being "dangerous and destructive to our reputation abroad."

In referring to Cecil Rhodes, Sir Wilfred remarked that the ex-premier of Cape Colony was guilty of treachery, betrayal of his sovereign and disloyalty to his colleagues.

Continuing, Sir Wilfred explained that Mr. Rhodes' guilt consisted in "falsely writing a letter which was very like a forgery, involving bloodshed, murder and confusion in many parts of the world."

"Yet," added Sir Wilfred, "all has been indorsed by Mr. Chamberlin, who has placed the house of commons in the degrading position of declaring Mr. Rhodes to be an honorable man, as making Great Britain the laughing-stock of all nations."

Mr. Chamberlain, replying to Sir. Wilfred Lawson, declined to re-open "questions which were regarded as settled."

He added "as to submitting disputes with the Transvaal to arbitration, it would be an extraordinary course to submit to a foreign tribunal a dispute between a suzerain and a subordinate state.

NATIONAL MEET L.A.W.

Attendance Far in Excess of Previous Gatherings.

PHILADELPHIA, August 4.—Close, sultry weather characterized the first day of the eighteenth annual meet of the L. A.W., but it failed to suppress the enthusiasm or lessen the number of arrivals. The number of wheelmen already registered is far in excess of any previous two race meets, and up to a late hour tonight every railroad train brought additional visitors. By midnight many of the racing cracks had made their appearance, most of whom went to the track at Willow Grove, fourteen miles from the city, and established themselves in their quarters. Johnny Johnson of Minneapolis met with an accident last night and may not be able to enter. He was being paced on the Willow Grove track by Jack Lindley, when the latter's rear wheel broke and threw Lindley, Johnson spilling over him and severely bruising his right side. Lindley was scratched slightly.

WALLS PAINTED RED.

Advertising of Rival Springs Not Permitted.

MOUNT CLEMENS, Mich., August 4.—During last night several men in white suits armed with pots of red paint and brushes, painted over a wall which had been covered with signs advertising the virtues of mineral springs in Indiana which are rivals of the Mount Clemens springs. This morning nothing was there but an expanse of dark red. The agent of a Chicago advertising firm has leased several dead walls in this city for the purpose of advertising the Indiana springs. This aroused fierce opposition from the public and officers from the bath city. Once a fence was erected to hide the rival signs and another time the sheriff stopped the advertising men from painting a wall. The foreign advertisers will continue the fight and they threaten injunction proceedings.

County Treasurer Disappears.

REDDING, August 4.—John Maddon, treasurer of Modoc county, disappeared two weeks ago, and District Attorney Baker, believing Maddon to be a defaulter to the extent of at least $35,000, has asked the Board of Supervisors to declare the office vacant and appoint a new treasurer. The funds of the county were deposited in the California State bank, Sacramento, and checks drawn in payment of county warrants have been returned unpaid for lack of funds. Maddon, who has borne a good reputation, was serving his fourth term. The safe will be opened by an expert and the books of the treasurer examined to determine the amount of the alleged shortage.

The Durrant Case.

SAN FRANCISCO, August 4.—One phase of the Durrant case will come up in the state supreme court in bank on Monday. This is an appeal from an order made by Superior Judge Bahrs on the 10th day of last April, directing Durrant's execution on June 11th. It is not known what course will be pursued when this case is reached next Monday. It is understood, however, that advantage is to be taken of the present legal tangle to predicate further proceedings, both in the state and federal courts after the supreme court of the United States has disposed of the present habeas corpus proceedings there pending.

Tournament Manager Dead.

SAN FRANCISCO, August 4.—William Elmer Rockwell, the well known baseball player and manager, died at his home in this city tonight of meningitis. He took to his bed on Monday and died at 9.45 o'clock tonight. Some time ago an abscess appeared behind his right ear and in spite of the entreaties of his friends he continued to look after his business. The abscess spread to the brain, causing death. He leaves a wife and one child.

New Bicycle Record.

SCRANTON, Pa., August 4.—A new world's half mile unpaced tandem record, flying start, was made by Ralph Gregory and Ben Kelly of this city today. The time was 55½, best previous record 54 4-5. The record will stand, as the attempt was made under regular L. A.W. sanction.

Crushed to Death.

GRASS VALLEY, August 4.—While felling trees on his place five miles from town, this morning, William Turner was caught beneath a falling stump and crushed to death. He leaves a wife and several children.

OWNERSHIP OF KLONDYKE

No Question But That It is in British Territory.

WASHINGTON, August 4.—Incited by newspaper publications recently tending to throw doubts upon the ownership of the Klondyke gold fields, some of the big government officials who were naturally expected to deal with the question if it comes to a practical issue, have been quietly looking into the matter with a view to preparing themselves for any controversy that might arise. Their views are in substance that there can be no valid objection advanced to the title of Great Britain to this territory. A careful examination of all the reliable charts and maps made far enough back in date to be free from suspicion of influence by the recent heavy gold finds have convinced these officers that so far as the Klondyke fields, as defined by the latest reports are concerned there can be no question but that they lie east of the 141st meridian which defines the boundary line, and so are within British territory by about thirty-five miles at least. As for the meridian itself it is said that it has been so closely located by the survey of the Canadians and our own coast survey that there is not at any point a difference of more than 700 feet in the claimed boundary, which of course would not affect any controversy that might grow out of the line.

Insane Patient Hangs Herself.

NAPA, August 4.—Mrs. Marguerite Grisali, who had been for many years a patient in the Napa insane hospital, was found dead today, having hanged herself in the night. Her roommate awoke in the night and found Mrs. Grisali hanging, calmly took the body down and returned to bed, giving no warning to the hospital officials.

MUSSULMANS EXCITED.

POWERS TAKE MEASURES TO ANTICIPATE COMPLICATIONS.

Admirals and Commanders Meet on Board the Italian Flagship.

CONSTANTINOPLE, August 4.—The second squadron of Turkish warships, consisting of seven vessels commanded by Hari Pasha, which sailed from the Dardanelles yesterday, has arrived at Sigri, Island of Mitelyne.

CANEA, Crete, August 4.—Upon receipt of the news that the Turkish squadron from the Darnanelles was coming into these waters the foreign warships got up steam and the international troops on shore have taken measures to anticipate any possible complications.

The report and these preparations have greatly excited the Mussulmans.

The admirals and commanders met today on board the Italian flagship to discuss the matter. In view of the possible arrival of the squadron a French warship has been dispatched to Sitis, an Italian man-of-war to Suda Bay, an Austrian to Castelli and a Russian to Retimo.

BASEBALL LEAGUE.

The Schedule Will Be Prepared This Week.

SACRAMENTO, August 4.—Representatives of several interior clubs met in a suburb of this city tonight and organized the California state baseball league, with L. S. Upson as president, D. F. Crowley, vice president, W. H. Young, secretary, and D. W. Carmichael, treasurer. The meeting was an executive one, and no information was given out beyond the fact that a league schedule will be prepared this week. What clubs were represented could not be learned.

Klondyke Steamers.

SEATTLE, Wash., August 4.—No boats left here today for Alaska, but the lull was more than filled in with preparations for tomorrow when the steamship Cleveland, chartered by the North American Transportation and Trading Company, will sail for St. Michaels, transferring passengers and freight to the river steamers for Dawson City. The Cleveland will have 200 passengers and over 1000 tons of freight. Among the passengers will be Captain P. M. Ray and Lieutenant Richardson, U.S.A., the officers who will command the troops ordered from Fort Russell to duty in the Yukon region. They are under sealed orders and carry three tons of supplies. They will be followed by sixty soldiers next spring.

Hibernians Reconciled.

ATLANTIC CITY, N. J., August 4.—A breach which has existed for the past thirteen years in the Ancient Order of Hibernians of America has about reached adjustment. A meeting of the exceding delegates and delegates of the old order was held today. According to the articles of agreement, it is specified "that all questions in dispute shall be referred to an arbitrator who shall be chosen from the hierarchy of the United States and who shall be Irish by birth or descent. He is to have full power to reconcile existing differences." Bishop McFall of Trenton was agreed upon as arbitrator and delegates went to Trenton today to get him to accept.

Irrigation for Salinas Valley.

SALINAS, Cal., August 4.—The Board of Supervisors to-day granted the application of the Salinas Valley Water Company for a right of way at points of intersection on county roads for an irrigating canal and ditches, to extend fifty miles down Salinas valley from Kings City to this place. The route has been surveyed and the work will be pushed to completion, opening by irrigation to cultivation 102,000 acres of arable land.

COLONEL WATTERSON solemnly declares that "Bryanism is dead." The Colonel is in decidedly bad form, then, kicking the corpse.

THESE oft-repeated reports that Justice Field is going to resign might suggest to the aged jurist the idea that the time is ripe to die.

A FARMER down in Mississippi has succeeded in securing a cross between a sunflower and a summer squash. There is food fit for pumpkin-headed cathetes.

THE Porte is making more trouble for the powers by sending additional warships to Crete. Perhaps his sublimity is like the rest of the world in his capacity for enjoying a humorous situation.

OF course Mr. Bryan declined to speak in Yellowstone Park. The greatest of modern orators is naturally not inclined to come into competition with a geyser which spouts three hundred feet right up towards the starry firmament.

LUCKY BALDWIN has decided to go to the Klondyke to prospect for quartz leads. The natives should be warned, and every adult male supplied with a sawed-off shotgun with which to protect the honor of his home.

A CHICAGO paper says the trouble in Klondyke is not a scarcity of fish, but a shortness of bait. By the omnipotent nugget, what means such nonsense? If the bait of yellow gold is more temptingly displayed anywhere the world's tribe of suckers knows it not.

A BOSTON woman is out in favor of a federal statute making marriage compulsory. But as there are not enough men to go around, the charming promoter of the new law would probably get left if congress should give heed to her plaintive pleading. The obdurate ones would up and marry somebody else.

A MISSIONARY at Tong Chow has invented a Chinese type-writing machine. The characters number about 4000 and are on the edges of wheels about a foot in diameter. Twenty or thirty wheels are required to carry all the characters, and two keys must be struck to make an impression. It is said to be a great success. It must be. It would almost repay a trip to China to see the wheels go round.

"We are taxed on everything," yells an excitable free trade journal. Well, what of it? You can't pay the expenses of government without being taxed, can you? And it is just as well to have the tax widely distributed as it is to concentrate it on a few things, is it not? What's the matter, anyway? Do you want to keep on borrowing money from bond syndicates, with which to run the government?

THE Stockton *Mail* says that it is not impossible that the torch of mutiny lighted in India may set the whole of Europe on fire with the mightiest war in which the nations have ever struggled with one another. It is not, indeed, impossible, but in view of the means which have lately been adopted by those nations to avoid war at any cost, excepting that of money, it can hardly be considered probable.

IN France it has been observed that germs of cholera persist in the soil, where animals dying from that malady have been buried, for many years. The burial of one hog that has died from cholera may cause the disease to appear in swine which may be pastured in the same inclosure during coming seasons. Cremation appears to be the only safe disposition to make of hogs which die from cholera, and the pork raiser can well afford to incur that expense in view of the loss from infection.

MR. PULIN of Vienna has perfected a cathode ray lighting machine which promises to illuminate the world just as easy as falling off a bicycle. It is stated that one man can turn a crank and generate enough light for a whole city. Fresno boasts of very cheap lighting in her electric era, but this seems to be an improvement worthy of consideration. If we had one of these sausage machine lighters Truetee Spinney would doubtless be able to find a man to turn the crank for less than half the present cost of illumination.

VERDICT NOT JUSTIFIED.

The Sacramento *Bee* is right in stoutly asserting that the Mexican war was an unholy war on the part of the United States, that its purpose was conquest and the object of the conquest was to make more slave states, and yet few righteous wars have resulted so beneficently for mankind or redounded so greatly to the glory of the republic. It is a fortunate nation that reaps only good harvests alike from its good and bad sowing.—*Tulare Register.*

If the REPUBLICAN's understanding of the facts relating to the war with Mexico is not at fault, there was no more discredit in it than there would be if war resulted in accepting the overtures of the now government in Hawaii for annexation. Texas had already won her independence from Mexico by force of arms when she applied for admission as a territory of the United States. She had as good right to seek good government under the flag of the Union as she had to set up an independent government. That the United States desired to acquire the territory which she had already acquired by the valor of her arms is not discreditable. Nor is there any evidence that the United States was in the wrong in regard to the dispute over the boundary line.

The REPUBLICAN does not entertain the idea that this republic has done or can do no wrong, but it does not believe that the charge of having engaged in an "unholy war" can lie against it in any instance. This is not a nation of bloody contests and aggrandizement through superior strength. We have merely taken that which has come to us, and have always dealt fairly with other nations, including Mexico.

HOLD FOR LIVING PRICES.

The raisin growers themselves are the best judges of the probable output of their crops this year, and there appears to be no abatement of their opinion that the crop will be nearly or quite as short as last year. This being the case, and with the other favorable conditions of a higher duty on the foreign raisins and rapidly improving business conditions throughout the country taken into consideration, there is certainly no reason why raisins should be sold at a low figure.

The outlook, to say the least, is good for a material advance in prices, and growers are justified in holding for the prospective rise.

This fact should also be kept in mind: Every ton of raisins sold at a low figure has a tendency to retard the upward tendency of the market.

IF our British cousins attempt to slide that boundary line down into the midst of our own Alaska let them beware. They will get another of those justly celebrated shirt-sleeve letters from Secretary Sherman that will precipitate a perfectly awful case of cramp colic.

RANDOM REMARKS.

A Kansas politician was shot and killed day before yesterday. And yet some people claim that there are no signs of better times.

If ever the American flag is hoisted over the Hawaiian republic much attention should be given to the size of the flagstaff. It would be very unfortunate to topple the republic over.

The esteemed Chronicle has an account of a poker game in which five players each held full hands—the first one a six full on aces, the second a seven full on deuces, the third an eight full on treys, the fourth a nine full on fours and the fifth a ten full on fives. This is remarkable, no doubt, but will one of the sinful Fresno editors please tell us who won the pot, it is called, isn't it?—Stockton Mail.

What is a "full," anyway, and how do you do it? If the *Mail* man will give us information on this point, which is more in his line, we will introduce him to John Potts at the first opportunity.

Joaquin Miller, in his capacity of Klondyke reporter, says he is, "upon arrival at the mines, to leave off the handle of my name and apply for work the same as any other old California miner would do." That is all right, but if the Klondyke miners are at all acquainted with the newspapers, and presumably they are, Mr. Miller will not mislead anybody concerning who he is unless he cuts his hair. He, Buffalo Bill and the New Woman are among the very limited number of men who wear their hair in that style. If he hopes to preserve his incognito he either must cut his hair or keep a large number of hairpins constantly on hand.

KLONDYKE.

Next spring, about the first of May,
When every one is gone
To Klondyke and the land of gold,
I'll be here all alone.

And when I wander through the streets
And never meet a soul,
I'll think I am the City Mayor
And have a Monopole.

One night I'll slumber at the Grand
And next night at the Hughes,
And when I need a change, I'll stop
Inside the Calaboose.

That sidewalk spitting ordinance
Will be straight out of sight,
And I will bike through Fresno's streets
All night without a light.

I'll be the only man in town;
But what I mostly fear,
I'll have to drink them all alone—
Those barrels of Wieland's Beer
At the New Palm Garden,
Opposite the Barton.

A Social Note From Sanger.

From the Sanger Herald.

Thomas Ballis built an addition to C. C. Allen's paint shop this week, which we understand is to be occupied by Sanger's leading painter for a living room. It is hinted that C. C. is smitten with a charming little widow who calls around to the shop occasionally, but we are inclined to think he is preparing to captivate some of the grass widows after the husbands leave for Alaska.

Extras.

As we carry one of the largest and most complete stock of machine extras on the Pacific Coast, we can furnish you with knives, guards, sections, knife heads, Pitman boxes and guard plates to fit the following mowers: Advance Buckeye, Akron Buckeye, Champion, Deering, Knowlton, Jones' Chain, McCormick, Osborne, Triumph, Standard, Tiger and Woods; Holt, Houser Haines, Harvester Prince and Houser Harvesters; Hodge, Porteous, Star, Randolph, Tiger and Benicia Headers; link belting, elevator buckets, Jackson feeder chain, cylinder and concave teeth, for any and all machines. As we buy direct from the factories, it will pay you to write for prices. Just received, a car of wheels, spokes, felloes and blacksmith supplies. Fresno Agricultural Works, Fresno, Cal.

Murphy Varnish agency. D., E. & Co.

Something to Depend On.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottles at Webster Bros.' drug store, cor. K and Mariposa streets.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate, and contains no whisky nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price 50 cents and $1 per bottle at Webster Bros' drug store, cor. K and Mariposa streets.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Webster Bros., corner K and Mariposa streets.

As we are making extensive alterations in our store to get more room, extending our shelvings to the ceiling, we think this a good time to clear out our entire stock of Men's Tan and Oxblood Shoes. We will make the price low enough to make them go, too. You cannot afford to let this opportunity go by to get first-class shoes at half price. You can buy these goods absolutely at your own price. So come early while we have still all sizes. Yours truly for bona-fide bargains,

A Remarkable Cure of Chronic Diarrhœa.

In 1862, when I served my country as a private in Company A, 167th Pennsylvania Volunteers, I contracted chronic diarrhœa. It has given me a great deal of trouble ever since. I have tried a dozen different medicines and several prominent doctors without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colic, Cholera and Diarrhœa Remedy, and after that I bought and took a 50 cent bottle; and now I can say that I am entirely cured. I cannot be thankful enough to you for this great Remedy, and recommend it to all suffering veterans. If in doubt write me. Yours gratefully, HENRY STEINBERGER, Allentown, Pa. Sold by Smith Bros., corner Hughes hotel.

How He Crossed the River.

From a Georgia Paper.

Poor Jim Brown slung his earthly garments on a limb and swam the river yesterday. He didn't stand back because the water was cold, but plunged right in, rose smiling, struck out for the other shore, where the angels were waiting for him with a finer suit than he had ever worn in his life. Jim was a poor man, but he had his subscription to his home paper paid up and he got there in great shape.

PROSPERITY.

That magical word, which gives us wings to soar so far above our earthly cares, has somewhat affected our equilibrium at the Enterprise meter factory. The unusual demand for our family meters for registering the number of beers imbibed by the head of the household will necessitate the enlargement of our meter factory. In the meantime the mad desire to reach the Klondyke before the other fellow compels us to be frank and say that, were it not for the McKinley wave which has rolled up our way and come in contact with our ice breeze at the Enterprise, we would ere this have given our dormant insanity a chance to display itself by packing our grip for the the frozen land of the midnight sun; but, as we are on the crest of the wave, we will just flop around and touch bottom once in awhile just to know how deep we are in until next spring, when we will have our steam beer pipe line and sausage skin aerial train direct to Klondyke in operation. By the way, where do you eat? Come in and see us. We are all right—everything nice and orderly. Steam and lager out of sight. Latest novelty—lighting cigars with electricity. Drop in. Yours until our next,

Summons.

No. 7788. Dept. No. 2.

In the Superior court of the county of Fresno, state of California.

Mary H. Jarboe, executrix of the last will of John R. Jarboe, deceased, plaintiff, vs. Joanna P. Peirce, Harriet G. Peirce, Sarah Eliza Emerson, S. H. Emerson, Joe Doe and Richard Roe, defendants.

Action brought in the Superior court, in and for the county of Fresno, state of California, and the complaint filed in the office of the clerk of said county.

The people of the state of California send greeting to Joanna P. Peirce, Harriet G. Peirce, Sarah Eliza Emerson, S. H. Emerson, John Doe and Richard Roe, defendants.

YOU ARE HEREBY REQUIRED TO APPEAR in an action brought against you by the above named plaintiff in the Superior court, in and for the county of Fresno, state of California, and to answer the complaint filed therein, within ten days (exclusive of the day of service) after the day of service on you of this summons, if served within this county, or, if served elsewhere, within thirty days.

The said action is brought to recover judgment against you for the sum of twelve thousand one hundred and seventy-two and 98-100 dollars ($12,172.98) in gold coin of the United States. Plaintiff alleges that on the 21st day of December, 1892, defendants and others executed to John R. Jarboe a certain promissory note for the payment of $16,600 in gold coin with interest at the rate of eight per cent per annum; that they also executed a mortgage on certain real property to secure the payment of said note; that said John R. Jarboe died and plaintiff executrix of his last will and testament after due proceedings had obtained a judgment and decree of the court, for the foreclosure of said mortgage and sale of said real property; that the same was sold for the sum of $6000 under said decree, and the proceeds applied toward the payment of said note after paying the cost of said suit and that there remains unsatisfied thereon the said sum of $12,172.98, no part of which has been paid and all of which is due with interest at the rate of 8 per cent per annum from April 7, 1897.

For further particulars you are hereby referred to the complaint on file herein, a copy of which is served herewith.

And you are hereby notified that if you fail to appear and answer the said complaint as above required, the said plaintiff will take judgment against you for the sum of $12,172.98, together with interest thereon from the 7th day of April, 1897, at 8 per cent per annum and costs of suit, as demanded in said complaint.

Given under my hand and the seal of the Superior court, in and for the county of Fresno, state of California, this 4th day of May, in the year of our Lord one thousand eight hundred and ninety-seven.

[Seal of the Superior court.] T. C. HART, Clerk.
L. W. McTrie, attorney for plaintiff. jy20

James Bole vs. Frank Victor et al.

BY VIRTUE OF A DEFICIENCY EXECUTION issued out of the Superior court of the county of Fresno, state of California, wherein James Bole, plaintiff, and Frank Victor, Edgar M. Wilson and George M. Edmunds, defendants, upon a judgment rendered the 16th day of October, A. D. 1896, for the sum of seven thousand five hundred and twenty and 20-100 dollars, United States gold coin, besides costs and interest, upon which judgment there is still due to the plaintiff the sum of one thousand dollars, gold coin of the United States, with interest at the rate of seven per cent per annum from December 4th, 1896, I have this day levied upon all the right, title, claim and interest of said defendants, Frank Victor, Edgar M. Wilson and George M. Edmunds, of, in and to the following described real estate, to-wit:

The west half of northwest quarter (W½ of NW¼) of section seventeen (17) in township fifteen (15) south of range twenty-two (22) east, Mount Diablo base and meridian, containing 80 acres; also the north half (N½) and southeast quarter (SE¼) of section two (2) and the west half of section twelve (12) and the east half (E½) of section ten (10) in township seventeen (17) of range sixteen (16) east, Mount Diablo base and meridian.

Public notice is hereby given that I will on Tuesday, the 17th day of August, A. D. 1897, at 10 o'clock p. m. of said day, in front of the court house door of the county of Fresno, sell at public auction, for United States gold coin, all the right, title, claim and interest of said defendants, Frank Victor, Edgar M. Wilson and George M. Edmunds, of, in and to the above described property, or so much thereof as may be necessary to raise sufficient to satisfy said judgment, with interest and costs, etc., to the highest and best bidder.

Dated July 27th, 1897. JAY STORY, Sheriff.

THE MAN ABOUT TOWN

Are There Fifty Righteous Ones in Fresno?

HE ROSE AND SAID HIS SAY

Concerning Doubling Money on the Trip—Take a Different Aim. Frazzles.

Possibly nobody has given heed to the idea which the Volunteers of America apparently have in mind, but it is time that somebody should call attention to it. The Volunteers' advertisement in the REPUBLICAN in part reads as follows:

WANTED AT ONCE—FIFTY GODLY, CONsecrated men and women who are willing to sacrifice part of their time to work for the Lord in Fresno.

It is of no use to evade the question thus presented. If the Volunteers have private and reliable information that Fresno is to be burned by fire from heaven, we want to know it. And if they have no such information, the startling analogy of the two cases needs explanation. You remember how the good book reads:

"And Abraham drew near, and said, 'Wilt thou also destroy the righteous with the wicked? Peradventure there be fifty righteous within the city. Wilt thou also destroy and not spare the place for the fifty righteous that are therein?' * * *

"And the Lord said, 'If I find in Sodom fifty righteous within the city, then I will spare all the place for their sake.'"

You remember the rest, too; how Abraham pleaded for the saving grace of forty-five righteous men, then of forty, of thirty, twenty and finally ten, and how he finally failed to rustle out the ten and Sodom was hit by a thunder storm combined with a Kansas zephyr.

Such an advertisement as that of the Volunteers sets a person to thinking. I am very much afraid they will not find the fifty whom they seek. Take it in a time like this, when the Klondyke and county map excitements are on and Joe Spinney is talking, a person's religious life naturally drops to a low ebb. Then there is the "music" of the Volunteers themselves; that has driven many an individual from the soothing balm of religion to the deadening lure of strong drink. We of the REPUBLICAN office, who are almost next door to the Volunteer headquarters, know how trying to our religion are those songs of the lately saved who distinguish Old Hundred from Suwanee River only by the words. Their music may be pleasing to the angelic ear, but, if so, some of us will consider it our high duty to improve the heavenly taste in music after we get up there, if ever we do.

But I am digressing. What I started to say was that it seems to me the Volunteers are taking an unfair advantage in selecting such a time to advertise for fifty "godly, consecrated men and women." It looks like a snap judgment. It would be so different if Klondyke and the map and Spinney were not all taking effect together. We might be reasonably good Christians then.

But, as it is, I, for one, shall watch the Volunteer advertisements with an anxiety which I do not hope to conceal. When they advertise for forty-five "godly, consecrated men and women," I shall await the next step with trembling and anxiety; when they advertise for forty, I shall resign my position; for thirty, I shall pack my household goods; for twenty, I shall strike for the Minarets. I shall not wait for the advertisement for ten, for I have watched the weather with a good deal of interest this summer, and I will not be found among the unfaithful who contend that Fresno cannot be burned.

But the Volunteers should speak right up and tell us exactly what information they have received and when the pyrotechnic display may be expected.

* * *

Then Brother Chaddock, that good man, arose and said his say;
He did not "tinker's hammer" name; he wouldn't talk that way;
He said "a tinker's," then the news first hit him with a slam,
And so he said "a tinker's," but he didn't think the "dam;"
Upon the white page of his soul no sinful word is writ;
It's quite as clean as was this page before I scrawled on it.
If Volunteers find fifty good to save this town accursed,
I want to bet a nickel Brother Chaddock will be first.

In every packing house should be a closet made for prayer,
And though I do not Chaddock's know, I'll wager one is there;
A little, calm and sacred spot where raisins do not come,
And where no buyer's heated words can strike the passer dumb.
I am with Brother Chaddock now; I'm singing, too, his song;
I feel that to commission men we've done a grievous wrong;
And when I reach the pearly gate I'll hear these words, I fear:
"Commission men and other saints alone may enter here."

* * *

Whether Elbert Partee fired the ball that ended Richard Griffin's life, or whether he did not, I have not met anybody who appeared to be needing Griffin very much. Apparently the man was a tough character, and, while we cannot justify the annihilation of tough characters on general principles, it is certain that the earth is quite as desirable a place to live with Griffin on the inside of it. If the evidence given at the coroner's inquest embodied the truth, the whole truth and nothing but the truth, the marksmanship of the youthful Partee need not be deprecated. The man who thus assaults a woman cannot lose his health too soon for the good of everybody concerned. Of course the evidence may not have contained the whole of the story, for the participants in that tragedy were of the shady walks of life, and it is possible (just possible, you understand) that they would lie upon sufficient provocation. But however that may be, and whatever may be the real facts, it is a comforting thought that the late Mr. Griffin will not be missed very much.

* * *

Now here is somebody who is advertising for a "party to advance money to trusty person to go to Alaska; will double amount." Presumably that person wants to go to Klondyke, and his faith in the successful outcome of the trip is sublime. "Will double money." No hesitancy about that, no doubt, no uncertainty; his promise is given without one ring of skepticism in it. Advance the money, and it shall be doubled for you; he is willing to take his pay from what laps over the edges of that doubled amount. Yet it is a long and cold way to Klondyke, and death lurks in the passes and amid the snow and ice of that bleak land; and even when death has been escaped, is it not more than probable that many of these wanderers of the frozen country will find little or no gold? And in that event how is the amount to be doubled?

I have no desire to cast a single shadow over this advertiser's roseate dream. I think I know how he feels. He will go north, and after a time he will reach the Klondyke region. He will wander around for a season in that land where vegetables do not grow well because gold is not fertile. He will select as many of the largest nuggets as he wants, and then he will return in a radiant mantle of gilded glory, as King Berry did. What to him, then, will be double the amount of money it cost him to get to Klondyke? Nothing; absolutely nothing. He will take a double handful of nuggets out of his traveling satchel, and will hand them to the man who paid his expenses, at the same time saying, "There! Take them, my benefactor; there is quadruple, sextuple, yes, octuple what you advanced to me. But take it; it is nothing, merely a small token of my appreciation. Call on me whenever you want more. Bless ye, me benefactor!"

This is the way he views it now and from this end of the line, but suppose at the other end ice materializes and nuggets do not, what then? How about doubling the amount in that event?

* * *

It is a curious thing about Darius Myers. Why under the sun should he commence a suit to quiet the title to a mere earthly lot? If it were a lot in heaven it would be different, but a lot on this mundane sphere ought not to interest him. Every week or so I receive a letter from Darius in which he demonstrates that the end of the world, or the new dispensation, or the millennium, or something or other, arrived last fall. Probably it did; at any rate, McKinley was elected, and, although Mr. Myers has never mentioned that fact to me among his proofs, I suppose that it ought to be considered.

But what beats me is why a man who is staying around here after the world has terminated, or something of that sort has happened, is trying to get a better title to some of that world. What is the use of more or less title to a planet that is back number and out of date? I suppose if I was more religious and understood the scriptures, as Darius does, I would comprehend about these things, but now they puzzle me. Probably I would better look up Mr. Myers' scriptural references again.

* * *

"The lotteries in Chinatown are becoming bold again, and the games are being conducted quite openly. The Chinamen take advantage of the first moment the officers relax their vigilance."—*As reported.*

Exactly; but why need they relax their vigilance? They have sworn to uphold the law, have they not? and for that they are paid. Well, there is the law, and there are the Mongols and there are their lotteries. For my part, you cannot make me believe that any gang of yellow aliens need be beyond the reach of the law of a republic of seventy millions of people. If the lotteries are not stopped, there is something mightily wrong somewhere.

She took a gun to shoot a chick—
Oh, cruel gun, dispelling weal!—
She aimed that gun right at the chick
And shot herself upon the heel.

Oh, woman, coy and hard to please,
Take my advice and take it quick:
When next you wish a chick to shoot,
Aim at your heel and hit the chick.

Mr. Creelman should not have wept and caused Mrs. Blachley to neglect her rights as defendant. That is the trouble with us men; we were deceivers ever. We shed tears, and it is so hard for the women to withstand them. They look upon the gathering moisture in our gazelle-like orbs, and they are moved to pity and promise not to file an answer to the complaint. I cannot justify Mr. Creelman's conduct. He must have known how women are moved by our tears, and he should not have wept.

THE MAN ABOUT TOWN.

RAILROAD ITEMS.

THE S. P. REDUCES FIRST CLASS FARES.

Progress of the Visalia Branch of the Valley Road—Klondyke Station.

The REPUBLICAN several days ago made mention of the intention of the Southern Pacific Company to put on two new trains in the upper part of the valley. One will run between Stockton and Fresno. This will be strictly a local train and will not connect with the boat at Stockton for San Francisco, as intimated at first. The second will be a daylight train over the West Side route between Visalia and San Francisco. These new trains will be put on in a few days.

Another improvement on the service in this part of the state will be the running of tourist sleeping cars on trains 17 and 18 between Oakland and Goshen junction.

The Southern Pacific has also reduced the first class rates from Fresno and intermediate points to San Francisco, via the Martinez and Niles routes. Owing to District Agent Booth's efforts the second class rate of $3.75 from Fresno to San Francisco has been made applicable to first class tickets, with sleeper privileges. This is an important concession on the part of the company.

Mr. Booth announced yesterday that he had secured a low dried fruit (including raisins) rate to European points, in carload lots.

The rate to London, Liverpool and Antwerp is $1.10 a hundred pounds, in boxes, or $1.30 per hundred in sacks. To Glasgow, Hamburg, Amsterdam and Rotterdam, $1.15 in boxes and $1.35 in sacks. To Bordeaux, Havre, Copenhagen, Stockholm and Christiana, $1.25 in boxes and $1.45 in sacks. Mixed lots—boxed and sacked—will be made at carload rates just the same, the higher rate prevailing for such lots.

A rate has also been made to Winnipeg, Manitoba, at $1 a hundred in boxes, $1.20 in sacks and $1.20 mixed rates.

There is no doubt that a good deal of this improvement in the valley service of the Southern Pacific is due to the competition of the Valley railroad. The new line is doing an excellent freight business and it is steadily increasing. The company has a first-class agent in Fresno in T. H. Warrington, and he is making it lively for the old company. Booth is also a rustler, and between the two Fresno shippers and the traveling public will be kept in good humor. If the Valley road only had transcontinental connection! Then there would be fun—for the public.

The Visalia branch of the Valley road was completed to the St. John river yesterday. It will take about ten days to complete the bridge over the river and the two miles between it and Visalia can be laid with track in a day. Allowing for possible delays the competing line will enter Tulare's capital on the 20th inst. at the latest. The Visalia people are preparing for a big celebration.

The train from Stockton to Fresno made another fast run yesterday. It left Stockton at 8.12, the boat being late, and arrived in this city at 11.01, making the 125 mile run in two hours and forty-nine minutes. The run from Miller to Lankershim, six and one-half miles, was made in seven minutes. The roadbed is in excellent condition.

The Valley road has established a station between Miller and Lankershim, in Madera county, and named it Klondyke. This is certainly up-to-date.

A Couple of Errors.

In a communication from Surveyor Hoxie in yesterday's REPUBLICAN he was made to say that an appropriation of $2249 was made for a map of this county in 1896. It should have read 1880. Also the appropriation made by Sonoma county for a map was $10,000 instead of $1000.

Salvation Army Changes.

The Salvationists welcomed Adjutant Armstrong and wife, their new leaders, last evening. Ensign Starr will take charge of San Francisco Corps No. 5, in the vicinity of the Barbary Coast, and Lieutenant Stockeberry has been promoted to the captaincy, to take charge of the Tulare corps.

DIVORCE NOT GRANTED

Judge Conley Decides the Fennell Suit.

A STRONG CASE OF COLLUSION

In an Interesting Opinion the Court Expresses His Conviction of That Fact.

Judge W. M. Conley of Madera, sitting for Judge Webb in department 2 of the superior court of this county, yesterday morning denied the application of Amanda J. Fennell for a divorce from Gerald M. Fennell. The court based his decision on the fact that he was convinced that the parties to the suit acted in collusion to obtain a separation.

Mrs. Fennell is still residing at the Hotel Metropole in Oakland, where she has been in seclusion awaiting the decision in the case. When seen there a few days ago she appeared to be very anxious for a separation from her husband. "Mr. Fennell is communicating with me every day," she said, "asking me for news from Fresno. If the divorce is not granted I suppose he will come back and linger around me, which will of course be very annoying."

When asked if there was any foundation for the current report that she would marry her former husband, Theo C. Marceau, again, in the event Judge Conley decided her suit favorably, the lady laughed merrily and ridiculed the idea. She admitted, however, that she and Marceau were friends "because of our baby." While Fennell and wife were sojourning at Los Angeles just before the institution of the action for divorce the gay San Francisco photographer, who was once her husband, was stopping at the same hotel. His relations with Mrs. Fennell were "friendly."

It is generally believed that had Judge Conley not prevented it, there would have been a highly romantic union of two hearts that had once tried, but failed, to beat as one.

Judge Conley rendered a very interesting opinion with his decision, and the following is a copy in full:

This is an action for divorce. The plaintiff and defendant intermarried in the city of New York, on or about the 2nd day of November, 1896, and plaintiff now asks for a decree dissolving the bonds of matrimony on the ground that the defendant, on or about the 12th day of July, 1897, committed adultery with one of the inmates of a certain house of ill-fame in the city of Los Angeles, known as the "Lorraine House."

The complaint is not verified, and the defendant has answered with a general denial.

To establish the truth of the allegations of plaintiff's complaint, one A. Brown of New York testified, "that he was in the house of the Misses Lorraine in Los Angeles with Mr. Fennell, and that he saw Mr. Fennell get up and leave the room with one of the inmates of the house, Lizzie Keest, and that he (Fennell) remained away from the room where they (Fennell and Brown) had been sitting for some little time. That the 'Lorraine House' is a house of ill-fame."

This was the only testimony introduced at the trial to sustain the charge of adultery.

Our supreme court in the case of Evans vs. Evans, reported in the 41st Cal., page 107, has decided:

"That the mere fact that a man enters a house of prostitution in the evening and remains all night, raises so strong a presumption of adulterous intercourse as to require the most satisfactory evidence to rebut it. The act of adultery, like any other fact, may be established by circumstantial proof; and it would shock the moral sense of the community to hold that such proof as this, if unexplained, would not raise a strong presumption of adulterous intercourse."

It might be that the proof in this case would be sufficiently strong to establish the charge against the defendant and to warrant the relief prayed for, were it not for the fact that the testimony of the witness, Brown, leads to a far more satisfactory conclusion, and that is if this occurrence actually took place—it was upon an express understanding between the parties to this action, and that the main object of the visit of Mr. Fennell and Mr. Brown to the "Lorraine House," in Los Angeles, was to lay the necessary foundation for an action of this character.

How did the plaintiff become familiar with the facts upon which this action is based?

From her evidence it appears that on the night of the 12th of July, 1897, she was either in San Francisco or Fresno at the very time when the defendant and Mr. Brown were in the house of ill-fame in the city of Los Angeles.

In less than forty hours Amanda J. Fennell signed the complaint on file and the defendant and Mr. Brown were also on the scene of action; the defendant ready to appear and file his answer, and the witness, Brown, to give his testimony.

The ease with which this witness described the visit of the defendant and himself to the "Lorraine House," his manner and appearance while on the stand, and his answer to all questions propounded by court and counsel, certainly implied that the part he was to play was well understood between himself and the parties to this action.

In response to the question by the court, "How did you happen to come here; on subpena?" Mr. Brown answered, "I was told that I would be subpenaed, and I was on my way to San Francisco and I thought better to stop off and save the trouble. I was down in Los Angeles."

How did the witness know that he was to be subpenaed in an action that had not yet been commenced unless it was the result of an understanding between the parties?

If, however, the plaintiff was in Los Angeles instead of Fresno or San Francisco, which her evidence indicates, how much stronger would the presumption be that this action was the result of collusion?

According to the testimony of Mr. Brown, he became acquainted with Mrs. Fennell through Mr. Fennell. Evidently Fennell and Brown were on terms of friendship, and, although possible, it is highly improbable that Mr. Brown would communicate to Mrs. Fennell the fact of the visit of Mr. Fennell and himself to the "Lorraine House;" at any rate not in time for Mr. and Mrs. Fennell to depart for Fresno, so that an action for divorce might be commenced on the 14th of July; and it is not very probable that if the friend of Mr. Fennell had communicated with Mrs. Fennell in relation to the matter that Mr. Fennell and Mr. Brown would meet in Fresno on July 14th or 15th for the purpose of "discussing casual matters."

Every fact in this case indicates that there is no objection on the part of the defendant to the granting of a decree of divorce—his answer was filed immediately after suit was brought, and his consent to an immediate trial was obtained, not a single question was asked on cross-examination, and his counsel made this statement: "I don't think we want to introduce any testimony; while we don't consent to the divorce or anything of the kind, as the plaintiff insists on it so, we are not going to introduce any testimony, except we don't want any alimony or anything of the kind allowed. While we are still willing to live with her and everything of that kind, as she insists on it we will not make any further fight."

In my judgment no stronger case of collusion could possibly be established on the evidence of circumstances, and the application for the decree must therefore be denied.

THE CAKE WALK.

Enjoyable Event in Fresno's Colored Society Last Evening.

Fresno's colored society had a cake walk and dance at Kutner hall last night, and the event was also attended by a large number of Caucasians. The cake walk was an entertaining affair. Four couples participated and went through the movements to the great enjoyment of the spectators. The following were the couples: W. E. Brown and Mrs. Ed Jones, J. F. Phillips and Miss Pinkie Partee, J. R. Bost and Miss Minnie Goins, and H. Maxwell and Miss Virginia Jackson.

The judges selected were Al Baker, Taylor Albin, N. Hart, George A. Jennings, M. A. Whittle, Tom Gray and W. P. Paul. They first dropped Mr. Maxwell and Miss Jackson from the contest, and then upon request Mr. Bost and Miss Goins were retired. The spectators, not understanding that this was requested by the gentleman and lady themselves, received what they presumed was a decision with disfavor. The contest between the two remaining couples was very close, and they had to walk three times extra before the judges awarded the cake to Mr. Brown and Miss Jones.

Following this the colored people had a lively dance, and they enjoyed themselves hugely for several hours.

Fretwell in Court.

William Fretwell, the wild Milesian who shot John Rottger a few days ago while the latter was driving his sheep to a well on the West Side, was taken before Justice Austin yesterday and informed of his rights. Fretwell's bond was fixed at $1500 and his examination was set for August 12th at 10 a.m. Rottger is able to be around, though his right leg is quite stiff yet. He still carries the ball from Fretwell's howitzer.

Gold Seekers Depart.

The Mack party of gold seekers left yesterday morning for the north. There were twenty-two in the party and every one was sure of coming back with a fortune. There were about 250 people at the depot to see the prospective millionaires off. In addition to those whose names were given yesterday there went Thomas J. Kelley, C. C. Hoag, J. K. Boote and J. B. McDonald.

Committed to Stockton.

Judge Conley, sitting for Judge Webb, yesterday committed Alex Campbell and Edward Sanderson to the Stockton insane asylum. The latter has been held here for the past two weeks, there being no superior judge in the county to send him to an asylum. Campbell was brought down from the mountains a few days ago, and was examined by Dr. Long and Dr. Hayden.

THE GRIFFIN SHOOTING

THEORY THAT THE BOY DIDN'T KILL THE INTRUDER.

The Victim Thought to Have Met Another Man in the House.

Elbert Partee, the 11-year-old negro boy who shot and killed Richard Griffin, also colored, last Monday morning in defense of his mother, whom Griffin assaulted, is still in jail, and a charge of manslaughter will probably be preferred against him today. Mrs. Partee, who has been held in custody, was released last evening upon the order of the district attorney's office.

The accusation against the lad will be made chiefly for the purpose of holding him pending further investigation into the case. If the charge is not pressed against him the boy may be needed as an important witness, and for this reason he is being restrained of his liberty.

Deputy District Attorney Williams, who has charge of the case, stated to a REPUBLICAN reporter yesterday that he was working on a theory that some other person than the Partee boy had killed Griffin. While he would not divulge the name of the person he suspected, or give his reasons therefor, Attorney Williams assured the reporter that he had already found substantial evidence to support his theory. He is of the opinion that another man was spending the night in the Partee house, and that Griffin was intruding upon him as well as Mrs. Partee when he tried to make his way into the house at 3 o'clock in the morning. The theory is that the two men clashed, and that the fight resulted in Griffin's death.

In order to shield the murderer it is thought that the story was made up that the boy had bravely defended his mother and killed Griffin. The intruder was undoubtedly drunk at the time. He had a reputation for being quarrelsome and disposed to fight when under the influence of liquor.

It seems remarkable that a boy aged only 11 years should have the courage that Elbert is said to have displayed. It is also strange that there were no powder burns on the dead man's clothing, although the testimony at the coroner's inquest was to the effect that the boy fired the pistol while holding it against the negro's side as he was lying on Mrs. Partee and viciously biting her. Attorney Williams says he knows of other circumstances showing that it is hardly reasonable that the boy did the shooting, as was told at the inquest.

The sheriff's office is inclined to the belief, however, that it was the boy who killed Griffin. Deputies Timmins and Peck do not entertain the idea that another man was in the house and that he did the shooting. The boy tells his story in a straight-forward and connected manner, as do Mrs. Partee and Miss Baker, who was at the house at the time. It is pointed out that the time which elapsed between the firing of the shots and the arrival of the neighbors was not sufficient for the making up of a false story so successfully in explanation of the killing.

That Tired Feeling

Makes you seem "all broken up," without life, ambition, energy or appetite. It is often the forerunner of serious illness, or the accompaniment of nervous troubles. It is a positive proof of thin, weak, impure blood; for, if the blood is rich, red, vitalized and vigorous, it imparts life and energy to every nerve, organ and tissue of the body. The necessity of taking Hood's Sarsaparilla for that tired feeling is therefore apparent to every one, and the good it will do you is equally beyond question. Remember

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier.

Hood's Pills cure liver ills, easy to take, easy to operate. 25 cents.

Olives' Examination.

Peter Olives, who was arrested a few days ago on a charge of rape preferred by Mrs. Belle Simpson, his former wife, was taken before Justice Kilby at Coalinga Tuesday for examination. Deputy G. C. Freman represented the district attorney's office. It has been reported that Mrs. Simpson would refuse to testify against Olives when the time came, as she feared Olives and his people. Others from the Coalinga neighborhood intimate that Mrs. Simpson was not a non-consenting party and that she and Olives have been "very thick" since their divorce.

An Old Miner Dead.

J. R. Whittaker died yesterday at the county hospital. He was an old miner and is said to have been related to "Lotta," the actress. His body was embalmed at the Fresno Undertaking parlors and is awaiting the wishes of friends. Whittaker had been in this county only a short time, having come here to look after some copper mines for San Francisco parties. A few days ago he came to the hospital suffering from blood poisoning caused by a fistula. Every effort was made to save his life, but without avail.

The County's Cash.

The supervisors did little of importance yesterday besides passing on claims against the county. A count of the county's money showed the following sums to be in the treasury on August 1st last: Gold coin, $4610; silver, $536.37; checks, $373.25; warrant paid, $23.35; currency, $21; swamp land warrants, $3412.61; certificate of deposit, Bank of Central California, $2174.88; First National, $30,000; Farmers' Bank, $21,000; Fresno National, $30,000; state school certificate, $20; total, $92,171.46.

His Third Trial.

Dave Young will be tried for the third time at Sanger today on a charge of petty larceny. He is accused of stealing barley from a neighbor. Notwithstanding that two eye witnesses testified against him at the former trials, both juries hung. Deputy District Attorney Williams, who has been prosecuting the case, thinks that with such strong evidence there ought to be a conviction and will do his best today to secure one.

SOME WELCOME NEWS

A COMMISSION MAN TURNS ANGEL.

Is Ready to Stand in With the Raisin Grower—Who Is He?

The *Expositor* last evening contained a communication purporting to have been received by a well-known packing house in this city from a leading commission house in New York. The evening paper says the letter is "cheering, logical and full of suggestion to the grower." Cheering it certainly is, and therein lies the cause for surprise, for cheering news does not come, as a rule, from commission houses; nor is it customary for the commission men to suggest that the growers hold out for higher prices. It is this that makes one wonder whether the letter is genuine and if a packer has at last been found who believes that the grower ought to get a little more than mere living prices for his product.

There are signs that the writer of the communication has not studied very closely the tariff legislation of this government and has not given much attention to the list of imports. Then, again, there is that beautiful suggestion to "pack a few carloads of your 4 crown and 3-crown raisins in pound packages, placing fifty packages in a box and adding thereto a hand seeding machine, which we believe can be purchased at 35 cents each, by the gross, thus enabling the buyer to do his own seeding. We could sell large quantities of goods so packed this year."

It happens that hand seeding machines weigh considerable, that they cost more than 35 cents, and that one machine would hardly be a sufficient inducement to a housewife to invest in fifty pounds of raisins. Finally, hand seeding machines are out of date, and no housewife would think of purchasing one when she can buy factory seeded raisins much cheaper.

However, if the letter is a bona fide one and its writer is anxious to pay 3 or 4 cents for raisins in the sweat box, the growers will rise and call him blessed; and if he tells them to wait because later on he will pay them 5 or 6 cents, they will rise some more and call him doubly blessed. There are not nearly enough commission men of this kind in the United States, and if the *Expositor* will reveal the name of the one who wrote the interesting letter in question enduring fame will be his. Let not false modesty deter him from revealing himself. The growers are yearning to make his acquaintance. They have raisins to sell—not as many as usual, perhaps, but quite many—and there is not one among them that does not know enough to appreciate a "soft snap."

It is to be sincerely hoped that the conditions will turn out to be such as to insure the growers 5 cents in the sweat box. While this seems a good deal to hope for, it will be well for them not to be in any haste to dispose of their raisins. There are reasons for believing they will receive a fair price for their product if they hold out, though at present there is no ground for the extravagant expectations uttered in the *Expositor* article.

No, my little dried raisin men,
Don't try such a thing again.
Never, never try it again,
For though Fresno may grow raisins
'Tis Santa Cruz that grows men.

The Money Market.

LONDON, August 5.—The *Times*, in a financial article on the aspect of the money market, says this morning: There are signs in New York that the money market is beginning to feel the effect of the constant heavy local purchases of American securities, and it looks as if we were within measurable distance of the end of cheap money in New York. The shipments of wheat and cotton this autumn will do little more than to balance the indebtedness of the United States to Europe for heavy imports of wool and similar products.

LOS ANGELES, August 4.—Los Angeles is to have a society of pioneers. A committee appointed at a recent meeting of "old timers" to formulate and recommend a plan of organization met this evening and appointed a subcommittee on constitution and by-laws. The committee will report at the next meeting, the date of which was not fixed. The suggestion that the organization be called the "Society of Pioneers of Los Angeles County" met with unanimous assent.

after in millinery as in all other departments of dress, and neapolitan and zephyr braids are the prettiest of all. But, according to a fashion writer in the New York Sun, there are all sorts of fancy braids, and then the old fashioned leghorns trimmed lavishly with white feathers are worn again, with pale ecru panamas trimmed with various flowers, tulle and wings bringing up the end of the line. Black hats are quite as much worn as ever, but the straws in vivid greens, brilliant reds and gorgeous purples worn early in the season look out of place with the dainty light gowns.

One of the special features of the summer millinery is that the hats should be in one line of color, with as much white as may suit the fancy. The motley combinations of two months ago have worn out their popularity. Turquoise blue or yellow chiffon with white wings and white lilacs on a white neapolitan hat makes about the daintiest headgear a woman can wear. White corn flowers with blue centers and blue forgetmenots are very popular just at the moment. One rather striking leghorn hat has a wreath of green oats, a bow of green antique satin ribbon and two black ostrich feathers standing up on one side. White chiffon and tulle hats, with white ostrich feathers, are worn with thin white gowns, and pretty little toques are made of black lace over white tulle and trimmed with pale blue chiffon rosettes, a white this wing and a black aigret. Another very dainty toque is made of yellow silk straw and lace insertion radiating from the crown in alternating bands, and black ostrich feathers, yellow and white rosettes of chiffon and tea roses are the trimming.

Strings of velvet and of lace ribbon or tulle are a feature of some of the lat-

est hats and toques, and all the newest hats have higher crowns than were shown in the early part of one season. Very pretty and simple hats of yellow straw, in the round shape, turned up at the back, are trimmed with yellow or pink roses and a bunch of black quills at one side.

Formal and Informal Letters.

Which is more formal—"My Dear Miss Brown" or "Dear Miss Brown?" The Ladies' Home Journal says in reply: "In days gone by it used to be said that the possessive pronoun suggested a tie either of close friendship or of kin, but now "My Dear Miss Brown" is considered the more formal, as it is claimed that in writing to one with whom the relations are intimate the quicker and less formal sounding address may be used." From the same source comes also the following:

"Yours faithfully" before your name, signed to the letter that is written to your betrothed means quite as much as a long string of loving expressions could convey. When you write a business letter, sign yourself "Yours truly." When you write a social letter, sign yourself "Yours cordially," "Yours very sincerely," "Yours affectionately" or "Yours faithfully," as you may prefer. Never sign yourself "Yours respectfully," unless you are in the position of an inferior writing to a superior—that is, when applying for a position or when writing a letter to a person of importance, before whom you stand as one to whom favor is to be shown.

Complexion and Digestion.

Complexion is all a matter of digestion. Where there is good digestion a beautiful complexion is bound to follow, according to an English authority, who says: A well regulated stomach invariably proclaims itself in a good looking face, and to maintain this well regulated condition attention to a fruit diet is recommended. Plums, blackberries, white and red grapes, oranges and peaches are among the table fruits, and it is difficult to say which is the best for a pretty complexion. If the skin is kept fresh and the diet is laxative, the face will be good to look upon. People eat too much breadstuffs. A mud colored skin is usually an indication of bad blood. A good thing for a sallow skin is a trip to the nearest mountains. Walk up, rest and climb down again.

Deafness.

It has been stated that three persons out of every five in this country who have attained the age of 40 years are more or less deaf in one or both ears. A large proportion of this deafness is caused by catarrh, and medical treatment for difficulty of hearing is usually directed to the catarrhal source. In Europe much of the deafness is hereditary. Dr. James Kerr Love of Glasgow recently read a paper on deafness before the Royal society of Edinburgh, from which it appears that congenital deafness may be either hereditary in the direct line or in collateral branches, and that it depends on not one, but many anatomical defects. Intermarriage of deaf persons perpetuates but does not accentuate the tendency of deafness. The hearing brothers and sisters of deaf mutes are as likely to have deaf mute offspring as if they had been deaf mutes themselves. Consanguinity of parents emphasizes family defects, and in this way many cases of congenital deafness occur. One of the most singular points of Dr. Love's paper was the assertion that the state had the right to control the marriage of persons belonging to families badly tainted with deafness.

WILDE TELLS TALES.

THE LATELY RELEASED NOVELIST SCORES BRITISH JAIL SYSTEM.

Child Prisoners Are Treated With Atrocious Cruelty—Long Hours In a Dark Cell—Warden Dismissed For Feeding a Starving Boy—A Stern Arraignment.

Whatever may be the truth in regard to the personal morals of Oscar Wilde, who was released from prison on May 19 after serving two years for a heinous crime, he has done a service to humanity by writing a remarkable letter about the almost fiendish cruelty of the English prison system in the treatment of child prisoners.

A warden named Martin, who was employed at the Reading jail, where Wilde was confined, was dismissed recently for giving two or three biscuits to a starving child in one of the cells.

The whole convict system of England is too barbarous for belief in a civilized country and age, but when it is applied to a child of 11 years, as in this case, it is inhuman. In the course of his long letter Mr. Wilde says:

"I saw three children (referring to the Monday previous to his release) who had just been convicted. They were standing in a row in the prison dress. They were all small. The youngest, to whom the warden gave the biscuits, was a tiny little chap, and it was evident that the prison officials were unable to find clothes small enough to fit him.

"The present treatment of children is terrible. Children can understand punishment inflicted by an individual; what they cannot understand is punishment by society. A child is taken from its parents by people whom it has never seen, and, finding itself in a lonely cell and ordered to be punished by the representative of a system that it cannot understand, becomes a prey to the first and most prominent emotion produced by modern prison life—the emotion of terror.

"The terror of a child in prison is limitless. I remember as I was going to exercise seeing in a dimly lit cell opposite my own a small boy. Two warders were talking to him with some sternness. The child's face was like a white wedge. There was sheer terror in it, and in the eyes was the terror of a hunted animal. The next morning I heard him at breakfast time crying and calling to be let out. The cry was for his parents. From time to time could be heard the deep voice of a warder telling him to be quiet, and yet he had not even been convicted of whatever little offense with which he was charged. He was simply on remand.

"This terror that seizes and dominates the child, as the grown man, is also intensified beyond power of expression by the solitary cell system. Every child is confined in a cell for 23 hours out of the 24. This is the appalling thing. To shut a child in a dimly lit cell for 23 hours a day is an example of cruelty and of stupidity.

"Inhuman treatment of a child is always inhuman by whomsoever inflicted, but inhuman treatment by society is to a child more terrible, because no appeal to the parent can be made to let out the child from the dark room. A warder cannot. Most warders are fond of children, but the system prohibits the rendering of the child any assistance. Should they do so, as Martin did, they are dismissed.

"The second thing from which a child suffers in prison is hunger. The food consists of a piece of usually badly baked prison bread and a tin of water for breakfast. At noon he gets a dinner composed of a tin of coarse Indian meal stirabout and at half past 5 a piece of dry bread and a tin of water for supper. This diet in the case of a strong man always produces illness, chiefly diarrhea. In fact, in a big prison astringent medicines are served regularly as a matter of course. A child, as a rule, is incapable of eating the food. A child who has been crying all day and perhaps half the night in a lonely cell and who is preyed upon by terror simply cannot eat food of this coarse, horrible kind.

"In the case of the little boy to whom Martin gave the biscuits, the child was crying from hunger. He was utterly unable to eat the bread and water served for his breakfast. Martin went out after breakfast and bought a few biscuits for the child rather than see him starving. It was a beautiful action and was so recognized by the child, who, utterly unconscious of the regulation of the prison board, told one of the senior warders how kind the junior warder had been to him. The result was a report and Martin's dismissal."—New York Sun.

The custom of inscribing upon tombstones was in vogue among the Greeks and Romans. The Greeks only did this, however, in the case of their illustrious men, but when a Roman died he was duly buried near a highway, and on his tombstone was carved a suitable inscription, which in the majority of cases began with "Sta, viator" (stop, traveler).

MR. MURRAY, engineer for Keet & Rountree Mercantile Co., Springfield, Mo., writes: "I suffered from dyspepsia, was unable to eat anything without severe distress. Treated by several physicians without benefit, I became almost a physical wreck and unable to attend to my work. I took Dr. Miles' Restorative Nervine and in six weeks I was well. My wife had a severe attack of La Grippe which brought on troubles peculiar to her sex. The Restorative Nervine is the only thing that has helped her. We both hope you will use this in a way to help others as we have been."

Summons.

In the superior court of the county of Fresno, State of California.

The California Savings and Loan Society, a corporation, plaintiff, vs. J. P. Koch, Robert Mack, E. B. Perrin, D. J. Guggenhime, E. M. Stieljes, Frank H. Short, C. H. Williams, Sarah A. Williams, The Fresno Land Company, a corporation, John Doe and Mary Roe, defendants.

Action brought in the superior court of the County of Fresno, State of California, and the complaint filed in the office of the clerk of said county. J. F. Cowdery, attorney for plaintiff.

THE PEOPLE OF THE STATE OF CALIFORNIA send greeting to J. P. Koch, Robert Mack, E. B. Perrin, D. J. Guggenhime, E. M. Stieljes, Frank H. Short, C. H. Williams, Sarah A. Williams, The Fresno Land Company, a corporation, John Doe and Mary Roe, defendants.

You are hereby required to appear in an action brought against you by the above named plaintiff, in the superior court of the county of Fresno, State of California, to answer the complaint filed therein, within ten days, exclusive of the day of service, after the service on you of this summons if served within this county, or if served elsewhere, within thirty days.

The said action is brought to obtain a decree of this court for foreclosure of a mortgage, described in said complaint, made, executed and delivered by said defendants, J. P. Koch and Robert Mack, to said defendant, E. B. Perrin and one J. R. Randol, on the 9th day of December, 1890, to secure payment of a promissory note of same date described in said mortgage and complaint, made, executed and delivered by said defendants, Koch and Mack, to said defendant, Perrin and said Randol, payable four years after date, for the sum of $13,000.00 with interest at the rate of seven—7—per cent per annum, interest payable semi-annually, and if not so paid to be compounded.

That said mortgage was recorded in Recorder's office, Fresno county, in Vol. 75 of mortgages, page 392, et seq., and affects that certain real property, situated in Fresno county, State of California, described as follows, to-wit:

Lots 212, 213, 214, 178, 179, 180, 181, 182, 143, 144, 147, 109, 110, 148, east ½ of 183, 205, 206, 207, 208, 201, east ½ of 183, east ¼ of 184, containing together about four hundred and ten—410—acres as laid down and designated on the map thereof, entitled, map of Perrin Colony No. 2, which map was filed for record in the office of the county recorder of said Fresno county, on the eight—8—day of October, 1890, and is hereby referred to for further or more description.

Plaintiff alleges that on December 27th, 1890, said Randol, assigned all of his interest in said note and mortgage to said defendant Perrin and thereupon said defendant Perrin, assigned said note and mortgage to plaintiff herein, who is still the holder and owner of said promissory note and mortgage.

That at the request of defendant E. B. Perrin, and defendants J. P. Koch and Robert Mack, plaintiff released the west half of number two hundred and thirteen, all of lots (201, 207, 208, 143, 181) two hundred and one, two hundred and seven, two hundred and eight, one hundred and forty-three, and one hundred and eighty-one, have been released from the operation of said mortgage.

Plaintiff alleges that there is now due and unpaid on said promissory note and mortgage to plaintiff, the sum of $13,000.00 with interest thereon from December 9th, 1890, at the rate of seven—7—per cent per annum, all in gold coin of the United States.

Plaintiff further alleges that the value of the property described in said mortgage is not sufficient to discharge the amounts due to the plaintiff upon said promissory note and that said property produces an income from rents which should be equitably applied in satisfaction of said debt; and that it is necessary, in order to protect the plaintiff, that a receiver of said property should be appointed in this action to collect the said rents and to apply them as this court may direct by its decree in this action.

Plaintiff prays for judgment against defendants J. P. Koch and Robert Mack, for $13,000.00 in gold coin and interest thereon at seven—7—per cent per annum from December 9th, 1890.

That a receiver be appointed by the court in this action upon the filing of the complaint, or at any time thereafter upon plaintiff's motion to take possession of said premises, and to receive the rents, issues and profits thereof, and to apply them as this court by its final decree may direct.

That the usual decree be made for the sale of said mortgaged property for gold coin of the United States by a commissioner appointed by this court, according to law and the practice of this court; that the proceeds of such sale be applied to the expense of such sale, and to the payment of the judgment in this action; that all of said defendants and all persons claiming from or under them or from or under either of them subsequent to the execution and recording of said mortgage as aforesaid, be barred and forever foreclosed of and from all right, claim or equity of redemption in said described mortgaged real property, and every part and parcel thereof.

That the plaintiff or any other party to this action may become the purchaser at said sale. That a proper and sufficient deed of conveyance of said real property when so sold be executed to the purchaser, and that said purchaser be let into the possession of such real property and for judgment against the makers of said note for any deficiency. And for such other and further relief in the premises as shall appear to be meet and agreeable to equity, as will more fully appear by reference to said complaint.

And you are hereby notified, that if you fail to appear and answer said complaint as above required, said plaintiff will apply to the court for the relief demanded in said complaint.

Given under my hand and the seal of the Superior court of the county of Fresno, state of California, this 11th day of December, 1896.

Ordinance No. 78.

An ordinance licensing for purposes of regulation and revenue, every kind of lawful business hereinafter specified, transacted or carried on within the corporate limits of the County of Fresno, State of California, and all shows, exhibitions and lawful games carried on therein; fixing rates of license tax upon the same, and providing for the collection of said license tax.

THE BOARD OF SUPERVISORS OF THE County of Fresno do ordain as follows:

Section 1. It shall be unlawful for any person, firm, corporation, club or association, to commence, carry on, engage in, or continue in, in the county of Fresno, state of California, any business, trade, occupation or employment, upon which a license tax is imposed by the terms and provisions of this ordinance, and for which a license tax is required to be procured by the terms and provisions of this ordinance, without first paying such license tax, and procuring such license as hereinafter provided.

Section 2. Any person, firm, corporation, club or association, before commencing, carrying on, engaging in or continuing in any business, trade, occupation or employment, in the said county of Fresno, upon which a license tax is imposed by the terms and provisions of this ordinance, or for conducting, commencing or carrying on, engaging in or continuing in any business, trade, occupation or employment, in said county, for which a license is required to be procured by the terms and provisions of this ordinance, must pay such license tax in, and procure such license from the tax collector of said county of Fresno, which said license shall authorize the person, firm, corporation, club or association procuring the same, to commence, carry on, engage in or continue in, the business, trade, occupation or employment described in said license. A separate license must be procured from, and a separate license tax must be paid to the said tax collector for each branch, establishment or separate house of any trade, business, occupation or employment, commenced, engaged in, carried on, or continued in, in said county of Fresno, upon which a license tax is imposed, or for the commencing, carrying on, engaging in, or continuing in, of which a license is required to be procured by the terms and provisions of this ordinance.

Section 3. The license tax imposed and required to be paid by the terms and provisions of this ordinance, for commencing, carrying on, engaging in or continuing in, any business, trade, occupation or employment, in said county of Fresno, shall be deemed a sum due to said county of Fresno, and payable in advance, as hereinafter provided, from any person, firm, corporation, club or association, engaged in, carrying on or conducting any such business, trade, occupation or employment, and any person, firm, corporation, club or association, commencing, engaging in, carrying on or conducting any business, trade, occupation or employment, in violation of the terms and provisions of this ordinance, shall be liable in a civil action, in the name of said county of Fresno, as plaintiff, in any court of competent jurisdiction for the amount of said license tax, and costs of suit.

Section 4. The license tax imposed by this ordinance shall be deemed a debt due to said county of Fresno, from and against any person, firm, corporation, club or association, who commences, carries on, engages in or conducts, in said county of Fresno, any business, occupation trade or employment, upon which a license tax is herein imposed, or for the commencing, engaging in, carrying on or conducting of which a license is herein required to be procured, without first having procured said license and paid said license tax, according to the terms and provisions of this ordinance, and said person, firm, corporation, club or association, shall be liable in a civil action in the name of said county of Fresno, as plaintiff, in any court of competent jurisdiction, for the recovery of the amount of license tax imposed by this ordinance, and costs of suit.

Section 5. The county auditor of said county of Fresno must prepare and have printed blank licenses of the classes mentioned in this ordinance, for the term of three months, and for such other terms as are herein authorized to be issued, with blank receipts attached for the signature of the tax collector when sold, and with stubs to be attached and returned to the auditor, showing to whom, for what business, and the date and time for which they may be issued, and the amount received therefor, and the auditor must keep a ledger in which he must keep the tax collector's account of all licenses delivered to him, sold or returned unsold by him.

Section 6. On the first Monday of each month the tax collector of the county of Fresno, must return to the auditor of said county of Fresno, all licenses unsold, and be credited therewith, and must pay to the county treasurer, on the first Monday of each month, all moneys collected for licenses sold under the provisions of this ordinance during the preceding month.

Section 7. The tax collector must, on the first Monday of each month, furnish the Board of Supervisors the names of all persons, firms, corporations, clubs or associations, carrying on, engaging in or conducting, in said county of Fresno, any business, trade, occupation or employment herein mentioned, without having first procured the license herein required, or paid the license tax herein imposed.

Section 8. The license tax imposed by this ordinance shall become due and payable, and be paid without demand therefor, in gold coin of the United States of America, to the tax collector, at the office of the tax collector of the county of Fresno, at the court house, in the city of Fresno, county of Fresno, state of California, as hereinafter provided.

Section 9. Whenever the rate of license tax by this ordinance imposed, is fixed at a sum for a quarter of a year, or any other period, the license tax for the whole of such quarter of a year, or other period, must be paid in advance as herein provided, and like payment must be made for each recurring quarter of a year, or other period, so long as the business, trade, occupation or employment subject to a license tax is continued; provided, that said tax collector shall in no case issue a license, or receive payment for longer than for one quarter of a year, until when the license tax herein is fixed at a sum for a quarter of a year, the quarter shall commence when the license is issued.

Section 10. When directed by the Board of Supervisors of said county of Fresno, the district attorney of said county shall institute suit, in the name of said county of Fresno, as plaintiff, for the recovery of any and all license taxes imposed by this ordinance, which shall not have been paid as required by the terms and provisions hereof, and in case of suits herein provided for, the tax collector of said county may make the necessary affidavit, and a writ of attachment may be issued, without any undertaking on the part of the plaintiff.

Section 11. In any action brought under or arising out of any of the provisions of this ordinance, the fact that a party represented himself as engaged in any business or employment, for the transaction of which a license is by this ordinance required, or that such party exhibited a sign indicating such business or employment, shall be prima facie evidence of the liability of such party to pay a license tax.

Section 12. Whenever the word "person" or "party" is used in this ordinance, referring to those liable to pay a license tax, the same is intended and shall be construed to mean and include a firm, corporation, club or association, carrying on the business for which a license must first be procured; and when the terms used in this ordinance designate the principals the same shall be construed to mean and include the clerks, agents, servants, representatives or employees of such principals, it being the intention hereby to license "the business," and not separate or individual acts.

Section 13. All licenses granted under this ordinance, or any section thereof, are granted and accepted by all parties receiving said licenses with the express understanding that the Board of Supervisors may revoke the same at any time, if satisfied that any of the conditions of the license or terms of this ordinance have been violated, or that the license was obtained by fraudulent representations, or that the holder of such license is an unfit person to be trusted with the privileges granted by said license; provided, however, that no license shall be revoked without giving the holder thereof an opportunity to appear before said board in his own behalf. On revocation of the license, no part of the money paid therefor shall be returned, but such license fee shall be forfeited to the county.

Section 14. In all cases where the amount of license tax to be paid by any person, firm, corporation, club or association is based upon the amount of receipts from sales effected or upon the amount of business transacted, such person, firm, corporation, club or association shall render a sworn statement in writing to the tax collector of said county of Fresno, made before said tax collector or some other officer authorized to administer oaths, of the total amount of receipts, sales made or business done by said person, firm, corporation, club or association, respectively, during the three months, or other period for which the license is to be issued, next preceding the expiration of the last license, which statement shall determine the amount for which such license shall be issued or renewed; and thereupon said person, firm, corporation, club or association must procure a license from the county of Fresno for the class for which said party is liable to pay; and in all cases where an underestimate has been made by the party appearing, the party making such estimate, or the person, firm, corporation, club or association he represents, are required to pay for a license for the next quarter, or other period for which said license is issued, double the amount otherwise required.

Section 15. The provisions of this ordinance shall not be construed as requiring the payment of any license tax or the procuring of any license for any exhibition or entertainment given for the benefit of any church, school or other charitable object, by any amateur dramatic association, or literary society of the town or district in which such exhibition or entertainment is given.

Section 16. The Board of Supervisors of the county of Fresno shall have the power to order a free license issued to any person who may apply therefor, whenever in their judgment the same may be necessary to enable any applicant who may be poor and unable to pay his license, to earn a livelihood.

Section 17. Every person, firm, corporation, club or association receiving a license under this ordinance shall place the same in a conspicuous place in his or its place of business, and all peddlers or other persons who have no fixed place of business must produce and show their license whenever required so to do by any person who may make demand to see the same.

Section 18. License taxes shall be collected at the rates in this ordinance prescribed, from the taking effect of this ordinance; provided, that nothing herein contained shall affect the validity of any license issued before the taking effect hereof.

Section 19. The rates of license tax for the businesses, trades, occupations, callings and employments hereinafter named, are, and the same are hereby established for and in the said county of Fresno, and the same shall be paid by the person, firm, corporation, club or association engaged in, or carrying on the same in said county as follows, to-wit:

Section 20. It is hereby declared to be unlawful for any person, firm, corporation, club or association to establish, open, keep, maintain or carry on within the county of Fresno, any bar, store, dramshop, tippling place, stand or any place where spirituous, malt or fermented liquors, or wines, or any admixture thereof, are sold or given away by the glass, bottle or otherwise, in less quantities than one quart, or for any person, firm, corporation, club or association (except as hereinafter provided) to sell, conduct or engage in the business of selling, within the limits of the county of Fresno, any spirituous, malt or fermented liquors or wines, or any admixture thereof, by the glass, bottle or otherwise, in less quantities than one quart, without having the permission and license therefor, as in this section of said ordinance provided:

1. No license issued under any of the provisions of this section of said ordinance shall be assignable or transferable, without the consent of the chairman of the Board of Supervisors endorsed thereon, and only to such person, firm, corporation, club or association, as has obtained from the Board of Supervisors the permission hereinafter required, and complied in all other respects with the requirements of this ordinance.

2. No person, firm, corporation, club or association shall have issued to him or them, the license required by this section of said ordinance, unless such person, firm, corporation, club or association, be of good moral character, and first obtain permission, as provided herein, by making application in writing to the Board of Supervisors at a meeting thereof, for permission to obtain the license herein required and shall file with said application a written recommendation, setting forth that the applicant or applicants are persons of good moral character, and suitable to conduct such business, and that the proposed place of business is in a suitable and proper locality for conducting the same, which recommendation must be signed by not less than five out of ten of the citizens of the county of Fresno, residing nearest the place where the applicant or applicants propose to carry on said business, each of whom must be a freeholder or "the head of the family," as the term is defined by Section 1261 of the Civil Code of the state of California.

The application in writing herein required shall contain and set forth:

First. The name and residence of the applicant or applicants, and how long he or they have resided in said county of Fresno.

Second. The particular place for which a license is desired, and the name of the owner of the premises.

Third. That the applicant or applicants are the only persons in any manner interested in the business, asked to be licensed, and that no other person shall be in any way interested therein during the continuance of the permission.

Fourth. Whether or not the applicant or applicants have had a permission or license for the sale of liquor in said county of Fresno revoked, during any time preceding his or their present application. Said application must be verified by the affidavit of applicant or applicants made before the tax collector or some other officer authorized to administer oaths.

3. No order granting such permission shall be made until the next regular meeting of the Board of Supervisors after the application and recommendation mentioned in the second subdivision of this section has been filed.

4. If after considering all the matters aforesaid, the Board of Supervisors shall find that the applicant or applicants are proper persons to carry on said business, and that the carrying on of said business at the place where it is proposed to be carried on, will not be prejudicial to the public good, said Board may by resolution grant the required permit, which permit shall remain in force for not more than one year from the date of the same, and shall be good only for the person, firm, corporation, club or association, to whom the same is granted and issued, and for the place named therein.

5. After said permit has been granted by said board, and not before, and after the license tax hereinafter provided for has been paid, the tax collector shall issue a license to the person or persons, firm, corporation, club or association, named in said permit, which license shall be authority to the person or persons, firm, corporation, club or association, named therein, to conduct his or their business at the place named in the application for said license, but shall not be authority for any other person or persons, firm, corporation, club or association, to conduct said business at any place, or any other persons, firm, corporation, club or association, to whom said license is issued, to conduct said business in any other place.

6. Any person, firm, corporation, club or association, to whom such a permit has been granted, who does not conduct the business for which such permit has been granted, in a quiet, orderly and reputable manner, or who commits any breach of the peace, or disturbance of the public order or decorum by any tumultuous, riotous or disorderly conduct, at the place or on the premises where said business is conducted, and for which said permit has been granted, or who sells, gives or furnishes at said place or on said premises, any intoxicating liquor, spirituous, malt or fermented liquor, or wine, or any admixture thereof, to any person in a state of intoxication, or to any person addicted to the inordinate use of intoxicating liquors, or to any person under the age of twenty-one years, or who shall allow any person under the age of twenty-one years, or any intoxicated person to be or remain at said place and upon said premises, or who shall not obey and abide by all the laws and ordinances now in force, or which may hereafter be enacted, shall forfeit such permit, and any and all licenses thereunder issued or granted to said person, firm, corporation, club or association, under the provisions of this ordinance, and any and all other licenses that may have been issued under such permit and the provisions of this ordinance, to said person, firm, corporation, club or association, subsequent to the filing with the Board of Supervisors of the county of Fresno, of the complaint next hereinafter mentioned and provided for, and no part of the money paid for said forfeited licenses shall be returned, but the same shall be forfeited to the county.

7. Any elector of the said county of Fresno, may file with the clerk of the Board of Supervisors of said county a complaint against any person, firm, corporation, club or association, whom he has reason to believe is guilty of any of the acts or neglects specified in subdivision 6 of section 20 of this ordinance, or who has obtained a license by fraudulent representations, which said complaint must be in writing, verified as complaints in civil actions in this state, and must specifically set forth any violation or violations of the provisions of this ordinance, and any such acts or neglects of which it may be claimed in said complaint, that said person, firm, corporation, club or association, is or has been guilty. At any time after the filing of said complaint the said Board of Supervisors shall fix a time for the hearing thereof, and at the time so fixed shall investigate the charge so made in said complaint. Notice of the time so fixed for the hearing of said complaint, and of the nature of said complaint, shall be given by said board to the person, firm, corporation, club or association, so complained against, at least five days before the time so fixed for the hearing of said complaint. If on such investigation the said board shall find that the said complaint is well founded, and that any charge or charges therein contained are true, it shall so declare by resolution, and shall by the same resolution revoke the permit theretofore granted to said person, firm, corporation, club or association, and shall by the same resolution revoke all licenses theretofore issued to said person, firm, corporation, club or association, in accordance with said permit and under the provisions of this ordinance, and said licenses shall thenceforth be without force or effect, and all sums of money paid therefor shall be forfeited to the county, and no rebate thereof shall be granted by said Board of Supervisors.

8. The license tax under this section of said ordinance shall be as follows: For every person, firm, corporation, club or association engaged in the business of selling or giving away, or in any manner furnishing in any saloon, bar, stand, or in any other place of business, or in any public place in the county of Fresno and for every person, firm, corporation, club or association, who sells or offers to sell, or keeps for the purpose of sale, within the said county of Fresno, any spirituous, malt or fermented liquors, or wines, or any admixture thereof, fifty dollars per quarter, payable quarterly in advance to the tax collector of the county of Fresno, at the office of said tax collector, at the court house, in the city of Fresno, county of Fresno, state of California.

9. The provisions of this ordinance shall not apply to the selling, giving or furnishing vinous, malt or spirituous liquors, by druggists or apothecaries, solely in pursuance of prescriptions of a regularly licensed physician, nor to physicians, surgeons, apothecaries, or chemists, for liquor used by them in the preparation of medicine, nor to the selling, giving or furnishing vinous or malt liquors by keepers of hotels or restaurants to guests only, when served at tables with meals, and taken by such guests in such hotels or restaurants, nor to the selling or furnishing of wines in quantities of not less than one gallon, when said wines are manufactured in this county, from grapes grown in this county, and are sold or furnished by the manufacturer, and not permitted to be drunk in, about or upon the premises where sold or furnished.

Section 21. All ordinances and parts of ordinances of the Board of Supervisors of the county of Fresno in conflict herewith, and all ordinances of said Board of Supervisors covering the same ground or passed for like purposes are hereby repealed.

Section 22. This ordinance shall take effect and be in force from and including the 20th day of August, one thousand eight hundred and ninety-seven, and the clerk of the Board of Supervisors is hereby authorized and directed to cause this ordinance to be published for one week in "The Fresno Morning Republican," a daily newspaper, printed and published daily in the city of Fresno, county of Fresno, state of California.

Section 23. The foregoing ordinance was passed and adopted by the Board of Supervisors of the said county of Fresno, at a regular session of said board, on this 31st day of July, one thousand eight hundred and ninety-seven, by the following vote:

Ayes—Supervisors Garrett, Manly, Rose, Smith and Sayre.
Noes—None.

J. H. SAYRE,
Chairman of the Board of Supervisors of the county of Fresno, State of California.

(Seal of Board of Supervisors, Fresno County, Cal.) Attest:
T. G. HART,
County Clerk and ex-officio clerk of the Board of Supervisors of the county of Fresno, State of California.
By J. B. JOHNSON, Deputy.

Endorsed: Ordinance No. 78, filed and passed this 31st day of July, 1897.
T. G. HART, Clerk.
By J. B. JOHNSON, Deputy.
